Sales Agreement

Prices

All prices are list. This price list voids all previous issues.
Prices are subject to change without notice.

A commitment letter should be submitted for price protection request.

Credit

All orders will be produced upon acceptance of credit. First order is C.O.D., certified cheque or credit card, Visa or Mastercard.

Payment terms

As per the company policy.

Information requested for quotes and orders

Complete details of project, delivery date requested, job site address, postal or zip code, contact and phone number. The use of our online technical form is recommended, visit our Web site in the "Forms" section.

Note: We cannot proceed orders without the above requested information.

Group your door quantities based on: door construction, wood species, door size, and options.

The orders are grouped and shipped on packed skid see page 80 for shrink wrap particularity.

Wood veneer

Baillargeon is using grade "A" according to the WDMA standard.

Machining

Please note that you must send us the machining template for your hardware. Without it, we will use the most updated machining templates from our list and we will not assume any responsibility if machining preparation doesn't match the installed hardware.

Order modification or cancellation fees

Orders received and/or scheduled:	Minimum $75.00 for feasibility analysis plus additional fees based on request
Orders received and in production :	Any modification rejected

Shipping date confirmation

Baillargeon will not accept back charges created by late delivery. Acknowledgment provide approximate shipping dates and are subject to change.

Delivery

Delivery upon the availability of raw materials.

Storage expenses

For all delayed projects, please contact the customer service department.

Return of merchandise

Upon reception of merchandise, all damaged or missing material should be indicated on the shipping memo. All merchandise to be returned must be first authorized by the manufacturer. An authorization number is required by carriers for acceptance of the merchandise. Baillargeon Doors Inc. has the right to accept or reject any goods upon returned inspection.

Price for Mahogany, Cherry or Walnut, see **-VE** construction

**** Shrink wrap packaging is strongly recommended** ..... **See page 80**

60 min fire rated 1 3/4" door: rubber stamp only ..... -2,70

Standard reinforcement ..... **See page 69**

LEED options ..... **See pages 94 and 95**

Opening and moulding for AF60 door not available

Pilot holes for hinges included

Agrifibre (heavy duty)

AF60-VE 1 3/4" flush

- Agrifibre core. Stiles and rails: mineral and hardwood.
  Edges covered with 1/32" (0.8 mm) wood veneer matched with faces. Bonded to core.
- The construction meets ITS/WH label requirements.

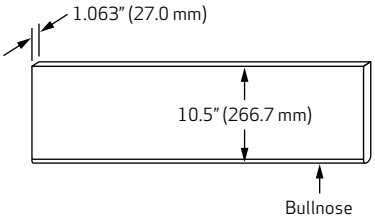
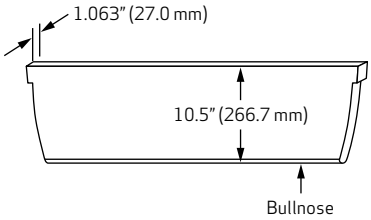
Top of the bottom panel covered with 1/32" (0.8 mm) matched veneer	Mandatory if no shelf	34
If construction # 9500, 9300, 9100		P.O.R.

Dutch shelf (not installed)

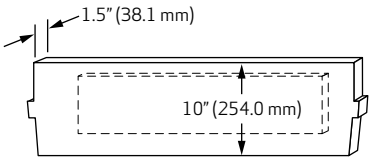
Drawing A



Drawing B



Drawing C



Description	Thickness		Depth		Width	Price
Drawing A - Dutch shelf without special cut (including 2 supports of 4" X 4")						
Birch paint grade	1 1/16"	X	10 1/2"	X	Up to 36" total width	81
Birch paint grade	1 1/16"	X	10 1/2"	X	Up to 48" total width	114
Red Oak	1 1/16"	X	10 1/2"	X	Up to 36" total width	92
Red Oak	1 1/16"	X	10 1/2"	X	Up to 48" total width	118
Maple or Birch varnish	1 1/16"	X	10 1/2"	X	Up to 36" total width	103
Maple or Birch varnish	1 1/16"	X	10 1/2"	X	Up to 48" total width	134
Other species						P.O.R.
Dutch shelf with depth less than 10 1/2"					Add to above price	21
Dutch shelf with depth more than 10 1/2"					Add to above price	P.O.R.
Drawing B - Dutch shelf with special cut (including 2 supports of 4" X 4")						
Dutch shelf, special cut (if other model, P.O.R.)					Add to above price	51
Drawing C - Dutch shelf (including pre-adjusted integrated support)						
MDF covered with plastic laminate	1 1/2"	X	10"	X	Up to 36" total width	368
MDF covered with plastic laminate	1 1/2"	X	10"	X	Up to 48" total width	378
Hardwood or MDF covered with non standard laminate						P.O.R.

Drawings A and B: if required, the 4" X 4" square supports must be adjusted on site

Drawings A and B: additional 4" X 4" dutch shelf support (birch, maple, red oak)..... 11

For more details on dutch shelf and supports installation, visit our Web site.

General options

Non fire rated transom

Description		Price
Door and transom, without grain or color match		53
See calculation below.		
Add rabbet if required, see page 81 in "General options" section		
Door and transom, with continuous grain match or wood grain plastic laminate		63
Also fits for wood grain plastic laminate door		
See calculation below.		
Add rabbet if required, see page 81 in "General options" section		
Double transom	Add to above price	108

Calculation:

Take door and transom sizes and add to the total height:
- door and transom without rabbet, add 1"
- door and transom with rabbet, add 1 1/2"

(Ex.: 36" x 80" door and 36" x 15" transom without rabbet = (80"+15"+1") = 96")
Use price of a 36" X 96" door as per construction and species required, and add the above prices.

(Ex.: 36" x 80" door and 36" x 15" transom with rabbet = (80"+15"+1 1/2") = 96 1/2")
Use price of a 36" x 108" door as per construction and species required, and add the above prices.

Uneven door and transom width size	Add to the above prices	18

SPRING BOLT INSTALLATION (spring bolt included)

Panels up to 18" total height (4 spring bolts) 50
Panels more than 18" up to 36" total height (6 spring bolts) 64
Panels more than 36" up to 48" total height (8 spring bolts) 77
Panels more than 48" up to 66" total height (10 spring bolts) 91

General options

Mouldings

Irregular length from 4' to 8' linear feet

Sizes		Price/lin.ft.
S moulding 	For: 1/4" glass, 1 3/4" door and 1/8" glass, 1 3/8" door	
	Birch, red oak and maple	1,90
	Mahogany, cherry, walnut, and white oak	4,90
F moulding 	For: 1/4" glass, 1 3/4" door and 1/8" glass, 1 3/8" door	
	Birch, red oak and maple	1,70
	Mahogany, cherry, walnut, and white oak	4,90
T moulding 	For: 3/4" and 1" glass, 1 3/4" door	
	Birch, red oak and maple	2,80
	Mahogany, cherry, walnut, and white oak	P.O.R.
L moulding 	For: 1 3/4" and 1 3/8" door	
	Birch, red oak and maple	3,50
	Mahogany, cherry, walnut, and white oak	P.O.R.
CF moulding with clips 	For: 1/4" and 3/16" glass, 1 3/4" door	
	Birch, red oak and maple	12,90
	Mahogany, cherry, walnut, and white oak	P.O.R.

Mouldings in specific lengths: take the above price x 2

For pre-assembled mouldings ..... **See notes at bottom of pages 87 to 91**

If glass thickness is different than 1/4" in a 1 3/4" door or 1/8" in a 1 3/8" door with S or F moulding add ..... $3.50/linear foot

If glass thickness is different than 3/4" or 1" in a 1 3/4" door T moulding ..... P.O.R.

If glass thickness is different than 3/16" up to 1/4" in a 1 3/4" door with CF moulding ..... N/A

72"	P.O.R.	P.O.R.	P.O.R.	P.O.R.	P.O.R.	P.O.R.

If hollow core ..... 62 per kit of applied moulding

For **AP2** and **AP3** ..... P.O.R.

For none installed pre-assembled mouldings, add the following to the above prices:
Additional packaging must be added by multiple of 10 sets 71/10

If applied moulding is required on 1 side only ..... Divide price by 2 and add 10

General options

Plastified glass

Description		Price/sq.ft.
Rectangle or square glass		
1/8" clear plastified glass	Minimum: 1 sq.ft.	11
1/4" clear plastified glass	Minimum: 1 sq.ft.	20
1/4" clear wired plastified glass	Minimum: 1 sq.ft.	40
1/4" clear laminated plastified glass	Minimum: 2 sq.ft.	40
1/4" clear tempered plastified glass	Minimum: 3 sq.ft.	21
3/4" double clear sealed plastified glass (2 glass of 1/8" and 1/2" air space)	Minimum: 4 sq.ft.	36

Example of calculation: always round up to the greater even number
Ex.: glass 16 1/2" X 24 3/4" = (18" X 26")/144 = 3.25 sq.ft.

Description	12" diam.	18" diam.	24" diam.
Round glass			
1/8" clear plastified glass	33	46	65
1/4" clear plastified glass	39	63	94
1/4" clear laminated plastified glass	197	208	282
1/4" clear tempered plastified glass	102	102	127
1/4" clear wired plastified glass	N/A	N/A	N/A

For non installed glass, extra special crating required ..... P.O.R.

General options

Hardware

ACME hardware for bi-fold doors
For 1" to 1 3/8" door up to 60 lbs, for 2 panels.

Opening width	Number of panels	2007 hardware, track only	2386-11 hardware, hangers pivot and handles only

Finishing

Baillargeon's Finishing System

Baillargeon's standard finish system

Flush door up to 38" X 84"

Description		Price
Clear finish - TR8 WDMA or system 9 AWS (UV cured acrylated polyester or urethane)		
Clear finish		47
Standard hand rubbed stain		
Bourbon	*Carmel	92
Cinnamon	*Rolled Oats	
Cocoa Bean	*Not available in Red Oak and Mahogany	
Espresso		
Nutmeg	**Cane	
Saffron	**Honey	
Stout	**Toast	
Wild Rice	**Not available in Mahogany	

Custom hand rubbed stain* 119

Standard paint colors - OP8 WDMA and system 10 AWS (UV cured, water based)		
Bone gray	Platinum white	139
Cobblestone	Vanilla	
Dark mocha	Winter white	
Pewter		

Custom paint colors 168

Prices listed above include thermal shrink wrap packaging. (Not available with edge protectors)

White primer sealer (primer)

Primer fiber board standard duty series (8100-MO, 8200-MO and 9100-MO)	**See pages 53 to 56**
Primer fiber board others constructions	P.O.R.

Stiles and rails (all sizes)

Top and bottom rails clear sealer 1 coat *No set up charge for less than 25 doors	8

* Custom color development 650/color

Set up charge for less than 25 doors with same pre-finishing (not applicable to clear finish) **240**

For other special finish, please contact us ..... P.O.R.

Notes: Your order will be produced only upon receipt of signed sample approval.
Cost of a new color development will be invoiced as soon as the sample is shipped.

Machining

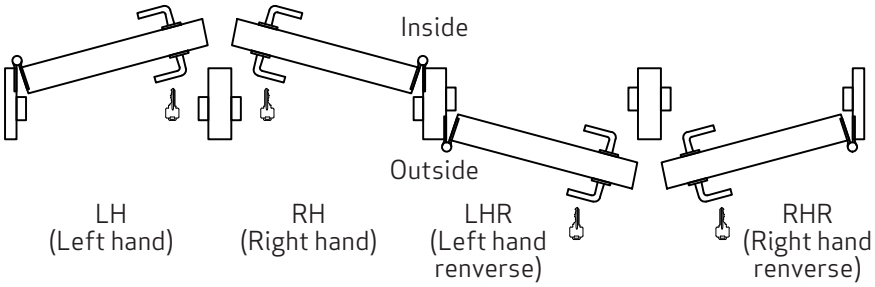
Information

- For all special machining, a PHYSICAL SAMPLE is required.
- Other machining ..... P.O.R.
- Code #31A, is equivalent to a 161 preparation on a metal door
- Doors without adequate hardware reinforcements are not covered by the warranty.
- **Note:** sizes in mm are not considered as Baillargeon' standards.

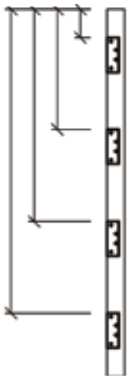
Door operation codes

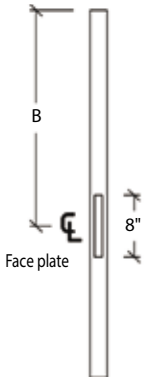


Baillargeon's standard machining measurements

- For other measurements, please send elevation when placing the order, **always from the top of the door**. See table below:

Door height	Hinge height from top of door to top of each hinge 4 1/2" X 4 X .134" thick	Lock height from top of door to center of face plate 2 1/8" at 2 3/4" backset Face plate 1" X 2 1/4" or 1 1/8" X 2 1/4"	Mortise lock height from top of door to C/L of face plate 1 1/4" X 8"
79 1/8"	1re = 7.375" 2e = 37.312" 3e = 67.25"	A = 39.562"	B = 39.937"
81 1/8"	1re = 7.375" 2e = 38.312" 3e = 69.25"	A = 41.562"	B = 41.937"
83 1/8"	1re = 7.375" 2e = 39.312" 3e = 71.25"	A = 43.562"	B = 43.937"
95 1/8"	1re = 7.375" 2e = 32.667" 3e = 57.959" 4e = 83.250"	A = 55.562"	B = 55.937"





Machining

Machining 1 3/8" doors

Description		Hinge radius	Machining code	Price
2 hinges 1 cylindrical lock * Face plate	3 1/2" X 3 1/2" X .100 2 1/8", 2 3/4" B.S. 1 1/8" X 2 1/4"	5/8"	01A	11,00
		Square	03A	11,00

Description	Machining code	Price
4 hinges 4 1/2" X 4" X .134, square corners 1 cylindrical lock 2 1/8", 2 3/4" B.S. * Face plate 1 1/8" X 2 1/4" 1 cylindrical lock 2 1/8", 2 3/4" B.S. Points latching on bottom panel; Strike preparation not included on shelf or bottom panel.	58A	48,50
4 hinges 4 1/2" X 4" X .134, square corners 1 cylindrical lock 2 1/8", 2 3/4" B.S. * Face plate 1 1/8" X 2 1/4" 1 cylindrical lock 2 1/8", 2 3/4" B.S. Points latching in stile.	59A	38,00

General notes

* For a 1" X 2 1/4" face plate, remove letter A to machining code.

Face plate preparation not required, add letters DR to machining code. Not available on fire-rated doors.

Machining

Machining 1 3/4" doors

Description			Machining code	Price
3 hinges 1 mortise lock Function holes not included (specify model)	4 1/2" X 4" X .134, square corners		60	23,50
3 hinges 1 mortise lock	4 1/2" X 4" X .134, square corners	Function holes included (cylinder, thumbturn, handle or lever)	61	28,50
		Function holes included (cylinder, thumbturn, handle or lever, holes for escutcheon, 2 or 4 trim holes)	61MS	33,50
		Function holes included (cylinder, thumbturn, handle or lever, holes for escutcheon, 2 or 4 trim holes for wire chase or/and additional holes for battery or other)	61MSS	38,00
		Note - Fire-Rated 20/45/60/90 min.: Some 61MSS models combined with 64G may require a core 32 lbs (LD2) density or additionnal reinforcement		P.O.R.
3 hinges 1 mortise dead lock specify C/L of finished floor (specify model).	4 1/2" X 4" X .134, square corners	Function holes not included	64	22,50
		Function holes included	64G	27,00
3 hinges	4 1/2" X 4" X .134, square corners	2 manual flush bolts with extension rod	66	50,00
		2 manual flush bolts with extension rod 1 strike plate (specify if ASA or other model)	67	58,00
		2 automatic flush bolts without extension rod	76	71,00
		2 automatic flush bolts without extension rod 1 strike plate (specify if ASA or other model)	77	80,00
3 hinges Model T wood astragal installed and pre-machined	4 1/2" X 4" X .134, square corners	2 manual flush bolts	66AST*	93,00
		2 manual flush bolts 1 strike plate (specify if ASA or other model)	67AST*	101,00
		2 automatic flush bolts without extension rod	76AST*	114,00
		2 automatic flush bolts without extension rod 1 strike plate (specify if ASA or other model)	77AST*	123,00

*** Add price for model T wood astragal** **See page 85**

Machining

Machining 1 3/4" doors

Description			Machining code	Price
3 hinges (Add price for metal astragal and/or edges)	4 1/2" X 4" X .134, square corners	2 manual flush bolts 2 astragal preparations are included (2 flush bolts)	66CFAST**	204,00
		2 manual flush bolts 1 strike plate (specify if ASA or other model) 4 astragal preparations are included (2 flush bolts + 1 strike + 1 face plate for active door)	67CFAST**	346,50
		2 automatic flush bolts 2 astragal preparations are included (2 flush bolts)	76CFAST**	225,00
		2 automatic flush bolts 1 strike plate (specify if ASA or other model) 4 astragal preparations are included (2 flush bolts + 1 strike + 1 face plate for active door)	77CFAST**	368,50
3 hinges	4 1/2" X 4" X .134, square corners	Surface panic bar	80	43,50
		Mortise panic bar	81	56,00
		Panic bar with concealed vertical rod, not fire rated	82	141,50
		20, 45, 60 and 90 min. fire rated panic bar with concealed vertical rod	82	P.O.R.
		Panic bar with surface vertical rod	83	43,50
Pre-machining for top and bottom pivot (specify pivot and template no.)			90	36,00
Intermediate pivot preparation			90 I	36,00

**** Add price for metal astragal and/or edges** **See page 59**

Machining

Machining 1 3/4" doors

Description	Machining codes	Price
Concealed overhead stop not fire rated	BAE	42,00
20, 45, and 60 min fire rated concealed overhead stop ***N.B. Add the price of the appropriate fire-rated reinforcement**	BAE	37,00
Preparation for sliding door	PCPC	9,00
Preparation for concealed sliding door	PCEPC	27,00
Preparation for reversible bi-fold door	PPPR	17,50
Preparation for 3 brackets, bi-fold door	P3EPP	29,50
Preparation for 2 brackets, pivot door	P2EPP	20,00
Concealed door closer	FPE	42,00
20, 45, and 60 min fire rated concealed door closer ***N.B. Add the price of the appropriate fire-rated reinforcement**	FPE	37,00
Flush pull with round hole or dummy hole (Ex.: # C20, 221, 225, 226, 242, 307, 1059, 2630, 9865, AL170, D170, CK4450, BP729651) Includes reinforcement for hollow core Specify if required back to back or face to face and double the price as required.	PE1	12,50 25,00
Flush pull with square hole (or other than PE1) Includes reinforcement for hollow core Specify if required back to back or face to face and double the price as required.	PE2	23,00 46,00
Ball latch (Ex.: GJ32 Glynn Johnson) or magnetic contact on door stile or on top of the door	ROL 1	8,50
Roller latch (Ex.: GJ30 Glynn Johnson) on door stile or on top of the door	ROL 2	16,00
Magnetic contact on door stile or on top of the door (round hole)	Contact 1	8,50
Magnetic contact on door stile or on top of the door (square or rectangle hole)	Contact 2	16,00
Thermal pin machining	Thermal pin	8,50
Raceway preparation	Raceway	90,50
"SOSS" Hinge ***N.B. Unitary price per hinge prep (SOSS)**	SOSS	18,00*
Machining for edge guard, preparation on stiles only (N/A on faces)		P.O.R.
Setup charge for machining depth (ex.: surface edge guard, spc. prog., etc.)		P.O.R.

Machining

Machining 1 3/4" doors

Description	Machining code	Price
3 hinges instead of 2 (valid for codes #01 to 08)	3P	2,80
4 hinges instead of 3	4P	2,80
5 hinges instead of 3	5P	5,50
Backset other than 2 3/4" (deep embossed N/C)	BK	5,80
Plastic laminated stiles, square corner face plate hardware and/or hinges	CRC	12,10
Round corner face plate hardware and/or radius hinges. Except for codes # 01, # 02, # 05, and # 06.	CRR	4,50
Non standard hinge thickness	EP	6,80
Electric power transfer including 5/8" X 5/8" raceway preparation (up to 20 min fire rated door)	EPT	113,40
Electric power transfer including 3/8" X 3/8" raceway preparation (45, 60, 90 min fire rated door)	EPT	302,40
Extra strike	GA	8,20
Extra strike for door with model T wood astragal	GA AST	8,40
Extra strike or face plate for door with metal astragal	GA CFAST	155,40
Electric strike	GE	35,70
1 viewer hole: 1/2" to 9/16" in diameter	JD	7,00
Viewer hole special PEEK-O style 2 3/8" in diameter (not available if 20, 45, 60 or 90 min fire rated)	JK	9,50
Cylindrical dead bolt hole on one side (valid for codes #32 to 39)	ND	8,40
Unequal hinges center to center line	NE	8,40
Pre drilled screw holes for 3 hinges (available only for 4", 4-1/2", or 5")	PD3	6,90
Pre drilled screw holes for 4 hinges (available only for 4", 4-1/2", or 5")	PD4	9,00
Pre drilled screw holes for 5 hinges (available only for 4", 4-1/2", or 5")	PD5	11,10
Hinge other than 4 1/2" (not applicable for 3" or 3 1/2" hinge with 1 3/8" door)	PX	7,10
Flush bolt rod longer than 12"	V4	7,70
